

# PoE Switches – Redefined

---

Take IP surveillance to the next level with power-packed feature-rich PoE offerings from one of the best in the industry

## PoE Switches

---

Range of PoE/ 10G PoE/  
PoE+/PoE++/UPoE switches to  
choose from

Power Budgets ranging from 46W to  
1200W

Advanced features such as PoE  
Scheduling, Remote PoE on/off, and  
Ipv6 support

---

Firmware upgrade through web  
browser-based GUI

Port mirroring for better and quicker  
troubleshooting and network  
diagnostics

Auto “denial-of-service” (DoS)  
prevention

---

Limited Two Years Warranty

**PPS-4P2U (UNMANAGED SWITCH)**

4 Port 10/100M PoE Switch + 2 Uplink  
100M Ethernet Port, AF/AT Standard

- Internal Power : 52V 1.25A 65W
- Extra option : 6KV lightning protection function

Limited Two Years Warranty

**PPS-8P2U (UNMANAGED SWITCH)**

8 Port 10/100M PoE Switch + 2 Uplink  
100M Ethernet Port, AF/AT Standard

- Internal Power : 52V 2.3A 96W
- Extra option : 6KV lightning protection function

Limited Two Years Warranty

**PPS-8P2GU (UNMANAGED SWITCH)**

8 Port 10/100M PoE Switch + 2 Uplink  
100M Ethernet Port, AF/AT Standard

- Internal Power : 52V 2.3A 120W
- 4KV lightning protection function

**PPS-16P2GUIF (UNMANAGED SWITCH)**

16 Port 10/100M PoE Switch + 2 Uplink  
1000M SFP, AF/AT Standard

- Internal Power : 52V 3.85A 300W
- 4KV lightning protection function

Limited Two Years Warranty

**PPS-24P2GUIF (UNMANAGED SWITCH)**

24 Port 10/100M PoE Switch + 2 Uplink  
1000M Ethernet Port + 1000M SFP,  
AF/AT Standard

- Internal Power : 52V 5.77A 300W
- 4KV lightning protection function

Limited Two Years Warranty

**PGS-4GPU2 (UNMANAGED SWITCH)**

4 Port 10/100/1000M PoE Switch + 2 Uplink  
1000M Ethernet Port, AF/AT Standard

- Internal Power : 52V 1.25A 96W
- Extra option : 6KV lightning protection function

**PGS-8GPU2** (UNMANAGED SWITCH)

8 Port 10/100/1000M PoE Switch + 2 Uplink  
100M Ethernet Port, AF/AT Standard

- Internal Power : 52V 2.3A 120W
- 4KV lightning protection function

Limited Two Years Warranty

**PGS-8GPU2F2** (UNMANAGED SWITCH)

8 Port 10/100/1000M PoE Switch + 2 Uplink  
1000M Ethernet Port, AF/AT Standard

- Internal Power : 52V 2.3A 120W
- 4KV lightning protection function

Limited Two Years Warranty

**PGS-16GPU2F2** (UNMANAGED SWITCH)

- 16\*10/100/1000Mbps PoE Port Switch
- 2\*10/100/1000Mbps Uplink Port
- 2\*10/100/1000Mbps SFP, AF/AT Standard
- Whole Power Budget :250W
- 6KV lightning protection function
- Switch Capability : 40Gbps

Limited Two Years Warranty

**PGS-24GPU2F2** (UNMANAGED SWITCH)

- 24\*10/100/1000Mbps PoE Port Switch
- 2\*10/100/1000Mbps Uplink Port
- 2\*10/100/1000Mbps SFP, AF/AT Standard
- Whole Power Budget :350W
- 6KV lightning protection function
- Switch Capability : 56Gbps

Limited Three Years Warranty

**PPS-5PP** (UNMANAGED SWITCH)

- 5 Port 100Mbps Ethernet Switch,  
Plastic Housing
- 5\*10/100M RJ 45 Port, Auto MDI/MDX
- Bandwidth : 1G

Limited Three Years Warranty

**PPS-5GP** (UNMANAGED SWITCH)

- 5 Port 1000Mbps Ethernet Switch,  
Plastic Housing
- 5\*10/100/1000M RJ 45 Port, Auto MDI/MDX
- Bandwidth : 10G

**PPS-8PP** (UNMANAGED SWITCH)

- 8 Port 100Mbps Ethernet Switch, Plastic Housing
- 8\*10/100M RJ 45 Port, Auto MDI/MDX
- Bandwidth : 1.6G

Limited Three Years Warranty

**PPS-8GP** (UNMANAGED SWITCH)

- 8 Port 1000Mbps Ethernet Switch, Metal Housing
- 8\*10/100/1000M RJ 45 Port, Auto MDI/MDX
- Bandwidth : 16G

Limited Three Years Warranty

**PMC-100M AE1310/1510**

- SC Port : 1\*10/100Mbps
- Rj45 Port : 1\*10/100Mbps
- DC : 5VIA
- Fiber Type : Single Fiber / Single Mode
- Wavelength : 1310/1550NM
- Fiber Distance : 20KM Available

Limited Two Years Warranty

**PMC-1000M AG1310/BG1510**

- Optic Interface : SC/SFP Available Rj45 Port : 1\*10/100/1000Mbps
- DC : 5VIA
- Fiber Type : Single Fiber / Single Mode
- Wavelength : 1310/1550NM
- Fiber Distance : 3/20KM Available

Limited Two Years Warranty

**PSP 12004SW**

- Input : 110-285V. AC, 0.5A, 0.5A, 47-63Hz
- Output : 12V. DC-A (Each Channel)
- Low interference
- Short circuit & overload

Limited Two Years Warranty

**PSP 12008SW**

- Input : 110-285V. AC, 0.5A, 0.5A, 47-63Hz
- Output : 12V. DC-A (Each Channel)
- Thermal Protection
- Over Current Protection

Limited Three Years Warranty

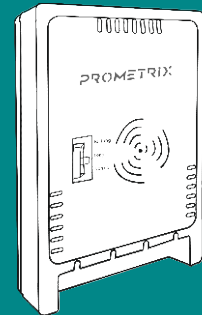

### **PMP-1204MP (CCTV POWER SUPPLY)**

- Compensation over line limits overload power
- Output short - circuit protection
- Surge protection
- Fully integrated soft start per minimum start-up strem

Limited Three Years Warranty

### **PMP-1208MP (UNMANAGED SWITCH)**

- Compensation over line limits overload power
- Output short - circuit protection
- Surge protection
- Fully integrated soft start per minimum start-up strem

Limited Three Years Warranty

### **BNC CONNECTOR (WITHOUT WIRE)**

- PSB - 2042
- PSB - 1841
- PSB - 2038
- PSB - 2038 Gold Big
- PSB - 1428

Limited Two Years Warranty

### **DC CONNECTOR**

- PSD - 1442
- PSD - 1440
- PSD - 1438

Limited Two Years Warranty

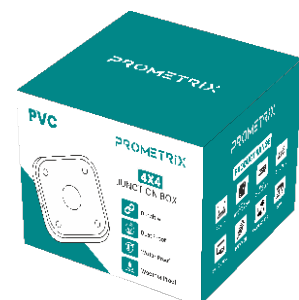

### **ELECTRIC RIM LOCK**

- Unlock Mode : Remote Control, Key
- RFID Card & Push Button
- Voltage : 12-18 VDC
- Working Current 350mA
- Life Time : 500,000 Times
- Extension Length of 13mm

Limited Two Years Warranty

### **PSJB - 4X4 ECO**

- Durable
- Water Proof
- Dust Proof
- Weather Proof

Limited Three Years Warranty

**PSJB - 4.25X4.25WP**

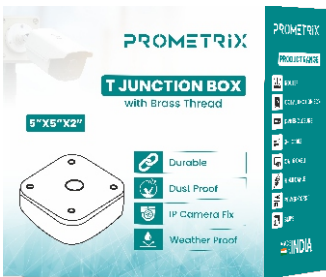

- Durable
- Dust Proof
- Water Proof
- Weather proof

**PSJB - 4X4 BRASS**

- Durable
- Dust Proof
- IP Camera Fix
- Weather Proof

Limited Two Years Warranty

Limited Three Years Warranty

**PSJB - 5X5 PRIME**

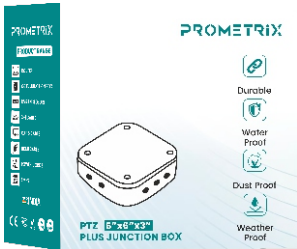

- Durable
- Dust Proof
- IP Camera Fix
- Weather Proof

Limited Two Years Warranty

**PSJB - 5X5 BRASS**

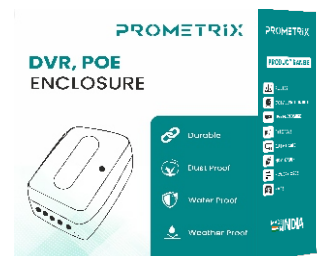

- Durable
- Dust Proof
- Water proof

Limited Two Years Warranty

**PSJB - 6X6WP**

- Durable
- Water Proof
- Dust Proof
- Weather Proof

Limited Two Years Warranty

**PSDP - 13X11X5WP**

- Durable
- Water Proof
- Dust Proof
- Weather Proof
